SLIDE LAYOUT NOVEMBER 1st

You will have 16 panels to fill for your poster layout:

- 4 - panels across the top are for the title (something catchy – but informative)
- 1 - formal abstract of your study (what your were looking for and found)
- 1 – hypothesis specific goals
- 1- observation (what made you think of this project) and questions you are trying to answer.
- 5 – figure panels – photographs, tables, charts, graphs that explain you story visually.
- 2- results panels – that bullet your finds from you experiments.
- 1- materials – methods
- 1 – conclusions and new questions that arose from your data
